

# 3-BAY OPEN HOPPERS

1:32 SCALE • 45 mm GAUGE

Engineering Sample Shown

The cars will compliment our 1:32 scale C&O and VGN H-8 class 2-6-6-6 "Allegheny" locomotives in both live steam and electric. The hoppers will also satisfy discriminating modelers who desire interesting rolling stock to operate behind their 1:32 scale locomotives.

These hoppers accurately represent a group of 3-bay cars built by Bethlehem Steel Corp. for the Chesapeake & Ohio Railway. C&O obtained 1000 cars in series 105000-105999, constructed on builder's Lot # DF-152, between January and March 1951. The cars have a rated capacity of 2622 cu. ft., measure 40' 8" inside length, and 41' 9 3/4" over strikers.

Cars decorated for the Virginian Railway will not be 100% accurate. However, we believe our 3-bay hopper can still serve as fine 'stand-in' model, particularly for those interested in operating coal trains behind their Virginian edition 2-6-6-6 "Allegheny".

SPECIFICATIONS	
Scale	1:32
Gauge	45 mm
Mini. radius	48 in.
Dimensions	15.67 x 3.98 x 4.68 in.
Construction	Plastic body, Brass casting
Features	Finely detailed plastic body
	Sprung die-cast trucks
	Metal wheels
	Working knuckle couplers
	Detailed underbody
	Offered with or without end scatter shields, based on prototype

ITEMS SUBJECT TO CHANGE IN PRICE, COLOR, SPECIFICATION, DESIGN AND AVAILABILITY WITHOUT NOTICE.
